## RESCUE TRAILER

<b>YEAR:</b>	<b>2019</b>
<b>MANUFACTURER:</b>	<b>US Cargo</b>
<b>CHASSIS:</b>	<b>8.5' x 16' Enclosed</b>
<b>MISCELLANEOUS:</b>	<b>Trailer contains the following technical rescue equipment: Rope Rescue Silo Rescue Water Rescue HAZ-MAT</b>
<b>IN-SERVICE DATE:</b>	<b>August 2020</b>

### HISTORY

The department had a need to store additional rescue resources as we were running out of room in our existing trucks. We were able to obtain a grant from the Erie County Community Foundation for the trailer. In addition, we had students from Vanguard-Sentinel/Tiffin Campus create all the lettering and decals. Members then applied installed LED interior lighting, sealed floor, installed shelves and secure rails. Trailer is currently stored at Station 1 and can be hauled by 3 separate units in the department. We also will be using the unit for firefighter rehab.
